ABOUT ME

I am a master's student in **Arts, Museology, and Curatorship** at the University of Bologna, currently seeking an internship opportunity that will allow me to turn my greatest passion into a profession: **curatorship**. My academic path, developed in both English and French, is providing me with a strong theoretical and practical background in the museum field, enriched by numerous **curatorial projects**, both individual and collective. Beyond my passion for art, my practice of **karate** has taught me dedication and perseverance—qualities that I apply with determination in every experience. I am looking for an internship opportunity that will enable me to expand my knowledge in the curatorial and museum field and, most importantly, **to challenge myself in the world of art**, actively contributing to innovative and stimulating projects.

EXPERIENCE
